UNDER 37 C.F.R. § 1.705**

MAIL STOP ISSUE FEE

Commissioner for Patents
P.O. Box 1450
Arlington, Virginia 22202

Dear Sir:

Applicant respectfully requests reconsideration of the Patent Term Adjustment indicated in the *Notice of Allowance* mailed on June 13, 2006 for the above-identified patent application. This application for Patent term adjustment is being filed with payment of the Issue Fee for this application.

Applicant respectfully submits that the correct patent term adjustment for the patent that issues from this application is 311 days, not 230 days as indicated on the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) that was mailed with the Notice of Allowance. The PTO calculation obtained from the PAIR web site is attached as Exhibit 1. According to the PTO's calculation, 81 days of patent term was deducted between May 08, 2005, three months after the mailing date of the final rejection (February 8, 2005), and the filing of the Request for

Continued Examination (RCE) on July 28, 2005. Applicants note that the response period for this Office Action was restarted on April 27, 2005, because as the result of the PTO's error, the communication was mailed to an incorrect address. Thus, the filing of the RCE on July 28, 2005 was within three months of the mailing date of the final rejection and no patent term should have been deducted during this period (37 CFR 1.704(b)).

§ 1.705(b)(1)

This Application for Patent Term Adjustment is accompanied by the \$200 fee as set forth in § 1.18(e). The fee is identified on the Transmittal Letter accompanying the payment of the Issue Fee and is included as part of the Issue Fee payment.

§ 1.705(b)(2)

As mentioned above, and in accordance with 37 C.F.R. § 1.705(b)(2)(i), Applicants submit that the correct Patent Term Adjustment for this application is 311 days.

In accordance with 37 C.F.R. § 1.705(b)(2)(ii), Applicants are entitled to the following adjustments (credits):

- *37 C.F.R. § 1.704(b) – 3-Month Applicant Response to Notice or Action:* The PTO mailed a final Office Action on 02-08-05, the period for response to which was re-started on 04-27-2005. Applicants' response (RCE) was filed on 07-28-2005. Thus, the 81 day Applicant Delay should instead be applied as an 81 day credit, resulting in a patent term adjustment of 311 days.

Therefore, Applicants submit that the patent is entitled to an adjustment of **311 days** as specified under 37 C.F.R. § 1.703(f).

In accordance with 37 C.F.R. § 1.705(b)(2)(iii), Applicants state that no patent granted on this application is subject to a terminal disclaimer.

In accordance with 37 C.F.R. § 1.705(b)(2)(iv)(B), Applicants state that there are no other circumstances constituting a failure to engage in reasonable efforts.

Appl. No. : **10/063,537**
Filed : **May 2, 2002**

Conclusion

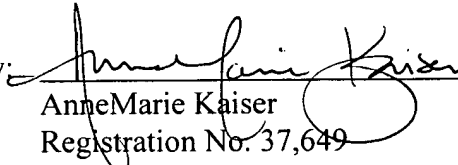

Applicants request reconsideration of the patent term adjustment sent with the Notice of Allowance. For the reasons discussed above, the correct Patent Term Adjustment is 311 days, and not 230 days as determined by the PTO.

Please direct any question regarding this request to the undersigned attorney of record.

The undersigned authorizes the Commissioner to charge any additional fees required by this paper or to credit any overpayment to Deposit Account No. 11-1410.

Respectfully submitted,
